

## Parent testimonials

*“As parents, we would like to take this opportunity to thank the teachers of Suncity International Academia for their continuous care, support, collaboration, and most importantly patience. We have witnessed massive and exponential development in our daughter Palak. Thanks for your endurance, quality care, enthusiasm, diligent efforts, and passion that you have provided each and every day.*

*A special thanks to Roopa ma’am, your willingness to be ever ready to extend your help wherever and whenever necessary is much appreciated and you are a wonderful example of a true leader and teacher.*

*The team of Suncity International Academia has impressed us to the extent that our son Yuvraj is also joining IGCSE this year in grade 9.”*

*“Our son was in Suncity World School doing IGCSE from 2017 to 2019 and IBDP from 2019 to 2021. He joined the school late as we had just relocated to India and had missed almost 6 months of the 2-year IGCSE program. The teachers, both past and present, were extremely supportive and took active interest in bringing him up to date and played a significant role in his development, for which we will always remain grateful. Most of the teachers worked tirelessly for and with him. The smaller class size helped him to get the individual attention and the focus of the teachers. The result was a growing self-confidence and resilience in our son which was evident to us as parents and is much appreciated.”*
