

## ENGLISH, FOREIGN LANGUAGES AND ICT WEEK 2021

MONDAY  
Interface - Prelude

*"If language sets you in a corridor for life, ICT opens every door along the way."*

The cross curriculum subject week with the inter-disciplinary celebration of English, Foreign Languages and ICT, commenced on Monday, 25 October 2021. The special assembly was a perfect display of the core skills of our students who collaborated, scripted, performed and created a broad spectrum of spectacular performances. The student team comprised of die-hard Star Wars fans who based their script and compering on this much-fame franchise.

The Teaser video had the audience hooked on to their seats for the long-awaited show to begin and the trailer set the tone. The Verve Hymn was befitting to the Year of Verve celebrations. The Thought for the Day was showcased in 'The Happy Hour' wherein students shared their joyful experiences on staying connected with family and friends. The News segment had an innovative dimension in its presentation.

The key highlight of the assembly was the breathtaking 'Magical Show' with the Director of Suncity Schools, Mrs. Rupa Chakravarty, donning the magician's hat and waving the magical wand to inaugurate the subject week amidst a sparkling mystical virtual setting.

Snapshots of 'Verve Moments' were captured on lens by the students. Does SMART technology make people smart? A humorous presentation was made on the challenges posed by smart technology. 'Good Old School Days', this sentimental rendition had camaraderie and good cheer rolled into a foot-tapping song of nostalgia. The mind can play tricks, emotions can sway, eyes can deceive, all that when languages and ICT meet! Defect Effect had that deception act in perfection.

The spell binding assembly concluded with the National Anthem and had the students all geared up for the interlude and postlude to follow in the week days ahead.

ICT, Foreign Languages and English WEEK\_MONDAY Assembly 25th OCT 2021

Episode 1  
ASCEND TO THE OUTDOOR  
The Galactic Pandemic, with  
their leader Darth SARS, has  
laid siege on all the  
communities and locked up  
the only Rebellion earthlings  
who still have Verve and  
resilience.

### Wednesday Interface - Interlude

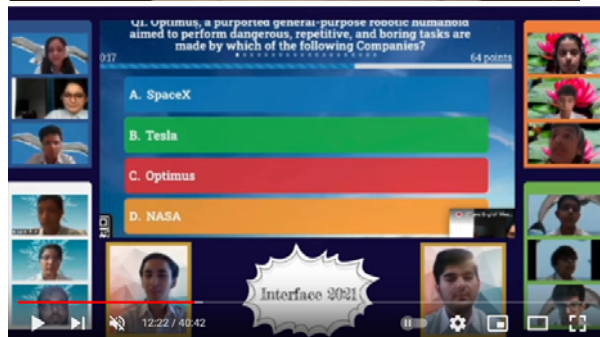

The cross curriculum subject week with the inter-disciplinary celebration of English, Foreign Languages and ICT continued with a plethora of blended activities to be showcased in the Assembly on Wednesday, 27<sup>th</sup> October 2021.

It commenced with the Skip Ad 321 which all of us could connect with in the present time.

The prayer was a beautiful hymn sung by Eara Gupta in her melodious voice. The thought 'The Guest House' was befitting to the theme of the Year –Verve. The news was an interesting and intriguing prediction of technology dominating the world.

The key attraction of the assembly was the Inter- House Quiz and Hackathon- the programming Challenge. This was followed by our young panelists discussing the possibility of the ICT takeover. A scintillating dance on striking a balance between pause and performance was presented by the students.

The assembly was graciously concluded with the musical rendition of National Anthem skilfully played by our students on guitar and synthesizer.

## FRIDAY Interface - Postlude

Language harnessed by the power of interactive technology is such that it lets us learn in unique ways which weren't possible or even probable before.

The cross curriculum subject week with the inter-disciplinary celebration of English, Foreign Languages and ICT, closed on Friday, 29 October 2021. The special assembly was an amazing showcase of the 21<sup>st</sup> century skills of our students.

Our polyglots displayed their skill in delivering the prayer in French, German and Spanish. Among the many events such as the thought of the day and the news was, 'The Funniest Speech' contest displayed the ability of the students to imbue a speech with a sense of humour with their varied and rib tickling topics. In a twist on movie trailers, book trailers were designed and executed beautifully by the children showing the vast variety of genres they enjoyed and loved. Verve was very much prevalent as a theme in the enthusiasm and effort of the brilliant clips shared by the students and brought to the notice of the Suncitizens. Skilful integration of ICT with language was highlighted in the amazing animated movies based on stories and global issues that the world is faced with today. An enlightening talk on Artificial Intelligence was also presented by the guest speaker showing the way forward. The beautiful assembly concluded with an acoustic guitar rendition of the National Anthem crafted seamlessly by the students. Truly a celebration of verve with a musical vibe.
