

SEPTEMBER NEWSLETTER 2019

By all these lovely tokens, September days are here. With summer's best of weather and autumn's best of cheer.

Come September and Suncitizens were caught in the whirlwind of mid-year assessments. However, these did not deter the zest for joie de vivre spirit or engaging co-scholastic activities.

COLLEGE FAIR

The Career Counselling Cell of the school organised a UK Universities' Fair on 2 September 2019 for students of Grades XI-XII. The following universities participated:

1. University of Brunel
2. University East Anglia
3. Nottingham Trent University
4. University of Swansea
5. University of Essex
6. University of Westminster
7. University of Bristol
8. Newcastle University
9. Queens University Belfast

MASTERCLASS BY DR. JEREMY BROWN, NEWCASTLE UNIVERSITY

The Career Counselling Cell of the school organised a Master class by Dr. Jeremy Brown from Newcastle University for our students of Grades XI-XII on 2 September 2019 on Genetic Engineering and Gene Therapy. He talked about the increasing amounts of food produced from genetically engineered crop plants, animals engineered to produce therapeutic drugs and gene therapies being used to treat disease. He also discussed some of the technologies used to modify crops, animals and indeed humans and human cells, and provided examples of these and allowed students to consider and discuss the benefits as well as risks of these.

It was a very engaging experience for our students.

VISIT TO SLUMS TO SPREAD AWARENESS ABOUT VECTOR BORNE DISEASES

In keeping with the ethos of Suncity School to help children grow as empathetic and responsible citizens of the world, students organized an awareness program to spread knowledge about vector borne diseases like dengue, malaria, chikungunya in nearby slums.

The students, along with teachers and the support staff, distributed mosquito coils, mosquito repellent creams and gels among the needy.

The group of students comprising of children across different grades apprised the people about various methods to prevent growth of mosquitoes and hence spread of diseases.

Children had prepared informative charts and slogans to impart the knowledge about such diseases. The empathy, sensitivity and care were truly reflecting in the way Students were interacting with the small kids of slum area.

It was a fruitful and eventful learning experience for all.

TEACHER'S DAY CELEBRATIONS

A day eagerly awaited by both the students as well as the teachers, right from the beginning of the session was celebrated with great energy and enthusiasm on 5 September 2019.

As the students went about planning and organising (down to the minutest detail), the teachers in the staffroom were busy contemplating this year's theme having heard the word "Bombay". "*Bombay Talkies*" was the main theme of the show for this year with the catchphrase "*CATCH YOU IN A KAALI PEELI*".

In keeping with the theme, the invitations sent out to the teachers were in the form of food trays at theatres and the dress code was to dress up as an actress /actor of their choice.

The event began with the morning assembly wherein the younger grades showcased a piece they had prepared. It was followed by games and snacks. The teachers wholly participated in all the games and there ensued a very loveable and harmonious atmosphere. Also the bhelpuri and vada pav, the highlight dishes of Mumbai left everyone wanting for more.

Then followed a Karaoke session where the teachers sang to their heart's content. Portraying a typical Mumbai scene, the children mingled with the crowd urging teachers to buy tickets in black, by either singing or dancing or playing games etc. There was also a short Tambola session.

All this and more -It didn't end here! There were personalized water bottles which were given to each teacher by the students. This was followed by a memorable cake cutting ceremony and Lunch in the Refectory.

Overall, the event was a great success as it was meticulously planned and executed by the students.

All teachers were given a warm welcome by the students

The students from Grade XI had performed enthusiastically for their teachers.

All teachers had dressed for the occasion and loved the main theme “*Bombay Talkies*”

ALUMNI INTERACTION SESSION

Rohan Gulati, Class of 2017 alumni and presently, a student of Symbiosis Law School Hyderabad, interacted with students of Grades Xi-XII who were interested in pursuing a career in Law. He is the head of the Centre for Alternative Dispute Resolution, Symbiosis Law School, Hyderabad, which is a student run centre that aims to effectively train the students in the areas of Alternative Dispute Resolution. He provided valuable insight and even real life cases to help students get a better understanding of the profession. Alumni interaction will be an ongoing feature of the Career Counselling Cell of the School.

MANNER DEVELOPMENT OUTING: VISIT TO 'BIKANERWALA'

An outing was organized to 'Bikanerwala' on 6 September 2019 for the little wonders of Pre-nursery as a part of the Manner Development Outing.

PARENTS' WALK-IN

Students of Grade III showcased their learning to their parents on 11 September. Students presented skits, dances, songs and oral presentations to talk about their learning around the theme of plants. Students had an experiential learning – right from preparing pots/soil for planting, sowing seeds to harvest festivals. The theme was summed up with an awareness programme towards safeguarding the environment. It was an exhilarating experience for parents, students and the teachers.

HINDI DIWAS

Students presented a special assembly on 12 September, showcasing the important role played by Hindi in everyday lives, how important it is as a national language.

Hindi Sulekhlekhan pratyogita

Hindi handwriting competition was held to help students understand the importance of writing neatly and legibly and winners with neat handwriting were felicitated.

Two famous eminent writers, Bal Sahityakar and Sahitya Academy winner Mr. Divik Ramesh and Vyangya Shree, Shri Subhash Chandar visited our school and discussed the importance of Hindi language with children.

DESIGN WORKSHOP WITH DESIGNER RAGHAVENDRA RATHORE

Suncity School in collaboration with EDUTV, organised a Design Workshop for students of Grades XI-XII on 27 September 2019. Eighteen schools from across NCR with over 200 students, participated in the event. Eminent fashion designer and lifestyle expert, Raghavendra Rathore was the Key Note speaker at the event. He spoke at length about the disruptions expected in the future in the world of jobs and markets. He also encouraged students to be 'out of the box' thinkers, collaborators and risk takers. He shared experiences and events from his personal journey to underline the significance of holistic education. He also spoke about the Gurukul School of Design at Jaipur that he has founded and that seeks to provide experiential and skill based education in design per se. His talk was followed by a riveting Q& A session where students quizzed him on wide ranging topics.

It was an engaging session that provided students a glimpse into the world of fashion, art, glamour and business.

Trisha Chatterjee of Grade XII Humanities, our ex- Head Girl and present General Secretary of the Student Council was selected by Mr. RaghavendraRathore to be the sole compere in a programme hosted by HH Priyadarshini Raje Scindia of Gwalior and Raghavendra Rathore on '360 Education'. The event meant for Principals and Heads of schools from across NCR was an evening of engaging in dialogue on education. Trisha had been the compere during the Design Workshop organised in school the previous day. Her excellent delivery and superb communication skills impressed Mr. Rathore and he selected her to be the compere for this exclusive event wherein she got to meet and interact with many luminaries from the education world.

LUNCH WITH THE DIRECTOR AT THE KINGDOM OF DREAMS

Suncity School believes in encouraging and motivating each student to reach for the stars and appreciating them when they do so. With half-yearly assessments getting over, Lunch with the Director was the perfect opportunity for the student achievers of our school to celebrate their hard work and well-earned success.

On 27 September 2019, sixty seven student achievers got this unique privilege to go out for Lunch with our Director, Ms. Rupa Chakravarty, to a fine dine restaurant in the Kingdom of Dreams. The selected students of junior and senior school enjoyed the food served to them and took pride in the fact that they were having it with the Head of the institution. They displayed their sanskaars and etiquettes and did not forget to thank the people who served them. This lunch is not only a part of the school tradition but also a great source of inspiration, not only for those who had the chance to go with the Head of the institution but also for others who aspire to work hard to achieve the honor.

All the children thanked the Director, for always inspiring and encouraging them and being a great mentor. This was indeed a memorable experience for the young learners who will cherish it forever!

RECREATIONAL OUTING TO MADHAVGARH FARMS

After an exciting first semester, which had activities and academics galore, our learners definitely deserved a recreational outing. In order to rejuvenate their young minds after the half-yearly examinations, the school organized a one-day trip to Madhavgarh farms on 28 September 2019.

The Adventure Sports Venue provided a perfect opportunity for students to plunge headlong into a plethora of activities like games and sports, rural activities, adventure activities and things from the cultural heritage of our country that brought the students closer to our varied heritage. The day was packed with a combination of fun filled activities and leadership skill enhancing games. It was heartening to see the students going all out to attempt the sports challenges with excitement and enthusiasm.

The outing helped to expand students' learning beyond the school with a zestful element of camaraderie and amusement.

SCIENCE FAIR: SPECTRA

A Science Fair was conducted by the students of Grade IV to inculcate a scientific temperament. They made thought proving and innovative models related to various scientific facts. They also demonstrated the use of scientific technology with the help of experiments. Grade III students visited the science fair and learnt a lot of new innovative scientific methods. It was interesting to see the children show how a tooth got discoloured when kept in different liquids like coke and juice!

INDIA WATER WEEK:

Students of Class V participated in the Sixth India Water Week 2019 held by the National Water Development Agency, Dept. of Water Resources, River Development & Ganga Rejuvenation, and Ministry of Jal Shakti, Government of India on 25 -28 September 2019 in the lawns of Indira Gandhi National Centre for Arts, Delhi.

Burgeoning competition for water calls for cooperation amongst all the stakeholders and the multi-disciplinary conference and exhibition 'The Water Week' was organized to bring upon new ideas for mutual cooperation for sustainable water management. Eminent international and national companies and individuals were invited for sharing their experiences in the field of Water Cooperation.

The students displayed innovative models made by them based on preservation and recycling of water. Students also presented a thought provoking 'NukkadNatak' and a peppy 'Rap Song' to sensitize the audience about water preservation and to spread awareness about the need to save water

Appreciation and Feedback:

MISSION PAANI—VISIT TO VIGYAN BHAVAN

- Students of Class V were invited by the Network 18 to participate in their on-going mega campaign, Mission Paani - an initiative to create awareness and effect societal mind set change towards water conservation.
- This campaign was a part of India Water Week and was launched by Shri Amitabh Bachchan, who is also the brand ambassador.
- Selected students, accompanied by the School Director Ms. Rupa Chakravarty, went to Vigyan Bhavan on the 28 September where they interacted with 300 students from different schools in Delhi and took a pledge (Jal Pratigya) to conserve water and help spread awareness on this critical issue.
- The students displayed innovative models made by them based on preservation and recycling of water and also presented a thought provoking 'Nukkad Natak' to sensitize the audience about water preservation and to spread awareness about the need to save water. The efforts of Suncity School won accolades from the officials of Ministry of Jal Shakti, Government of India and other 300 school students present there.
- Students also participated in a Quiz and won prizes.

MOVIE OUTING –ICT-MATHS WEEK

- Students went to see the movie, Spiderman- Far From Home, the final chapter as a part of Maths and ICT week Outing.

ELEMENTARY YEARS PROGRAMME

- To spread the awareness and to save endangered species, the students of Nursery participated in the Intra-Class Verbal Linguistic Event 'Jewels of Nature' held on 13 and 16 September 2019
- On the day of the event, the students came dressed up from home as any one of the endangered species.
- They introduced themselves and also spoke about the measures that can be taken to protect the endangered species from getting extinct.

The toddlers of Pre-nursery put up splendid show on the topic 'My Giving Tree'. The Intra-Class Verbal Linguistic Event was held on 18 September 2019. The students came dressed from home as a tree and shared its uses. Their acts were creative, witty and interesting.

SUNCITY SCHOOL- PIONEERING PROGRESSIVE PRACTICES IN TEACHING

Grade II Parents Walk-in was held on 27 September 2019. Parents' Walk-in, one of the many unique and innovative practices followed by Suncity School, allows our students to review and hone skills acquired in the classroom by teaching the same skills and concepts to their parents. This role reversal, where students turn teachers and parents attend school as pupils, is not only a one-of-a-kind practice anywhere in India but is also a wonderfully effective way of revision! Children gain a thorough and meaningful understanding of subjects taught in this process of donning the mantle of teachers—as they say “teaching is the best form of learning!”

The theme of the integrated presentations –‘FOOD MANIA FROM NATURE’ helped children not only in learning more about healthy food, food groups etc. but also assisted them in learning various social skills and etiquettes. Students of Grade II made presentations about choosing healthy food over junk food etc.

Highlight of the event:

“DRINK MORE MILK” CAMPAIGN--A special tribute was paid to Dr.Kurien for making dairy farming India's largest self-sustaining industry and ensuring that our country became self-sufficient in producing adequate amount of milk for all its citizens. Students got pictures of themselves drinking milk and shared their views on the importance of drinking milk for good health.

All eyes were on the ‘Healthy Birthday Party Counter’ as the counter showcased various healthy snacks, contributed by the parents, to share ideas how one can make healthy yet delicious food dishes. Students also learnt how to lay the table for a formal table setting.

Organic Farming—Students sowed some herbs in a small patch in the school garden. They tended to them without resorting to the use of pesticides, chemical fertilizers etc. thus learning about the pros and cons of organic farming. The parents were invited to see this mini farm.

SPECTACULAR SPORTS

ELEVENTH INTER-HOUSE SWIMMING COMPETITION

The Eleventh Inter-House Swimming Competition was held on 6 September 2019. The occasion was graced by the benign presence of our Director, Ms. Rupa Chakravarty and our Principal, Ms. Sandeepa Rai, who presided over the competition. The events were 50 meter free style, 50 meter Breast Stroke, 50 meters Back Stroke for boys and girls.
