

NEWSLETTER MARCH-APRIL 2023

‘ SPRING IS NATURE’S WAY OF SAYING-LET’S PARTY!’

Suncity School sure knows how to conclude the academic session with a bang and begin anew 2023-24 with aplomb!

JUVENNALIA-SUNCITY SCHOOL’S LPYP MAGNUM OPUS

Suncity School’s ‘Elementary Years Programme’ celebrated its 17th Annual Fiesta– ‘*Swadeshanurag*’ on **18th March 2023**. The children showcased the landmark achievements of the country amidst a colorful cultural program. The students of Junior Elementary Years Programme participated in full strength. The show began by addressing the august gathering, welcoming the management and presenting bouquets to the guests.

This was followed by the “**Lighting of the Lamp**” ceremony by Madam Sulochna Goel, Mr. Ankit Goel, our Chairman, Madam Mansi Goel and our esteemed guests, Ms. Nandini Dalal, Madam Guneet Ohri, all escorted by our Director, Mrs. Rupa Chakravarty and the Headmistress of the Elementary Years Programme, Ms. Sangeeta Bagchi.

The guests were received with a welcome song, which was performed by the choir of melodious students from Nursery and Kindergarten. The programme began with floral obeisance to Lord Krishna. It was a soul stirring performance by our little ones. Mr. Ankit Goel, Chairman of Suncity School, addressed the packed house and shared how these programmes help children to enhance their various skills.

‘Juvenalia’ is also an occasion to present to the parents an annual report on the activities and accomplishments of the school in the preceding year. Our Director, Mrs. Rupa Chakravarty, presented ‘The Prologue’, an annual report that highlighted the academic and co-curricular achievements of the students.

‘*Swadeshanurag*’, the cultural programme for Juvenalia 2023, was an initiative

by the school to celebrate and commemorate 75 years of India's independence and the glorious history of its people, culture and achievements. The event was dedicated to the freedom fighters and the eminent people of India who have been instrumental in bringing India thusolutionary journey. The theme was also interpreted as a means to showcase this fact through an innovative and witty act. A mesmerizing cultural show with 100% participation of students grabbed the attention of the audience.

Throughout the show, the students dazzled in various costumes and allured the audience with their scintillating and contemporary dance performances. The event ended with a grand finale, a mesmerizing and spellbound performance by Suncity children, with a curtain call where all the students took a final bow to the thunderous applause from the audience. This was followed by the note of gratitude by a Kindergarten student.

The event finally culminated with the national anthem.

Parents were full of appreciation for the children. It was difficult for them to believe that the show was put up by the children aged between 4-6 years.

The theme of the new academic session is based on the Japanese philosophy- 'Uketamo' which means, "I humbly accept with an open heart." It guides us to embrace our reality and deal with it to the best of our abilities.

FIRST DAY ACTIVITIES

The perfect commencement of the Academic year 2023-24 was amidst great fervour and enthusiasm, evident by the zealous participation of the students in the various activities conducted on the very first day of school. The activities were aimed towards building character, sanskaars, gratitude and the spirit of uketamo.

A Magic show was conducted for grades I and II and also for classes 3 and 4, which left them awe struck and astounded. It was also a great way to stimulate visual, auditory and multisensory stimuli, making their first day of school unforgettable.

To hone the creative skills of our students and keep them constructively engaged, mask making activity for grade V was organised and enjoyed by all. Grade VII had an enlightening session on Etiquettes. The session guided the students on good manners and values.

Personality development and communication workshops dominated for Grades VI and VIII. The children were glued with interest and ensured participation with experiences to share. Communicating and developing self ideals and morals is essential for the growth of an individual, and the children made the session interactive with their inquisitive questions.

In order to teach and hone basic etiquettes in our students, a session was organized, grade IX.

The First Day Activities were conducted in the spirit of 'Uketamo', by nurturing a child towards positive attitude and self-enlightenment.

In order to do well in academics and in life on the whole, memory retention plays a vital role. Memory retention session was organised for grades V and XI and was a great learning for our students.

WORLD SCHOLAR'S CUP – A RICH HAUL OF MEDALS

Suncity School took part in the World Scholar's Cup held at DPS International Sec 50 on 15th -17th April 2023 .The event is an international academic competition that challenges students to explore a variety of subjects and develop critical thinking, teamwork, and communication skills. The competition is open to students in middle and high school and takes place in regional rounds, followed by a global round.

The World Scholar's Cup consisted of several events, including team debates, collaborative writing challenges, and a quiz bowl competition. The competition covered a wide range of topics, including science, literature, history, and the arts. The competition encourages students to work collaboratively with their peers, while also challenging them to think critically and creatively.

Overall, the World Scholar's Cup was a great opportunity for our students to be a part of a unique and enriching academic experience. Our students, Arin Lall and Navya Mehrotra qualified for the Debate Showcase event and performed brilliantly. Vedant Dhingra was selected as a part of the judge panel for the same. The entire team participated in the Scholar's Talent Show and danced to the Macarena song, winning hearts and a huge applause.

All the teams qualified for the Global Rounds to be held in Doha and Bangkok. There were 93 gold medals, 102 silver medals and four trophies won by the school.
