Suncity School, Gurugram Introduces Air Purifiers in classrooms

Suncity School, Gurugram became the first in Delhi NCR to introduce air purifiers in all classrooms. In a move to ensure good air quality for students and minimise the adverse effects of air pollution, the school has become the first educational institution to fully introduce air purifiers

in all classrooms. A total 100 air purifiers are installed covering all the classrooms and other areas of the school. Air purifiers installed at Suncity School work on ESP (Electro Static Precipitation) technology. Prominent environmentalist Jitender Bhadana, Save the Aravalis has welcomed the move.
